	Max. Transfer Elective Credits from Other Departments		20																	

NOTE :

1.In accordance with the General Provisions for Study, undergraduate students need to satisfactorily complete Service Learning, meet the university-wide basic competencies of English, Information Technology, Chinese, and Sports, and pass the core competencies of their department to be eligible for graduation. SOM's undergraduate students are required to participate in at least 8 hours of

community-based service learning activities.

2.Beginning with those enrolling in the academic year of 2008, students are required to take at least 12 credit hours of General Education courses. There are three disciplines within General Education – Humanities, Social Science and Natural Science. The courses are categorized into “Core Courses” and “Extended Courses” under each discipline. To meet the graduation requirements, students are required to take at least one 2-credit-hour course in each category of each of the disciplines.

3.Max. Transfer elective credits which include course-related, military training, physical education are 20 units. Credit grand from teaching education cannot be counted toward the credits required for graduation. The max. counted credit hours are 12 for the general education, over that limit cannot be counted toward the credits required for graduation.

4.Elective Courses for focused Course Programs: Students need to choose and complete from 1 inter-school crossed field focused course programs at least and then he/she can graduate from the university.

5.Students, whose major is in Department of Finance (both groups in Finance Concentration and International Financial Management Concentration), need to finish 23-credit elective courses at least in each group and then he/she can graduate from the university.

6.The two-credit Business Ethics, listed in General Education, is the core course for SOM undergraduate students, who should obtain the credits in 3rd or 4th year for graduation.

7.The newly added elective courses in this academic year can be applied retroactively to students who entered from 2017-18 academic year.

8.The credits of interdisciplinary focused course program are not included in course structure diagram that can be regarded as the other department credits.
